

THE INDUSTRY LEADER

L.A.I. Group has over thirty years of experience producing and delivering high quality security products. On the following pages you will find one of the largest arrays of plug locks, cam locks, padlocks and security hardware in the world. This catalog contains L.A.I.'s security "Series 600" locks. If you don't find what you need, call us toll-free. We have many other non-standard pieces in inventory, and can custom fabricate for you right in our Southern California facility.

Before ordering, please take a minute to review these guidelines.

Locks:

- Specify type: ✓ Cam Type,
 ✓ T-Handle, or
 ✓ Padlock

For Keyed Alike Locks:

Specify if you want to maintain an existing key code series or start a new one.

If you want to match locks from another manufacturer, specify the brand and model. Usually we can match Fort, ACE, ESD, Baton and many others.

Hasps:

We provide hasps for all L.A.I. Padlocks. Some hasps may require some minor installation modifications. All L.A.I. hasps will accommodate any size padlock with shackle diameter of 9/16" or less.

See L.A.I.'s security hardware catalog for specifics.

Cams:

Please refer to the chart on page 7 for a complete guide to cams in the catalog. If you do not see what you need, call us. We can manufacture a custom piece to your specifications. Minimum quantities may be required for custom orders.
